**Wednesday, November 11, 2020**  
**6:30pm Via Zoom**

**Attendees:** George T., Bob N., Kathi K., Trini, Julia BR

Opened with the Serenity Prayer

**Announcements:** Did anyone get the meeting list from that woman at the last meeting?  
Hogan is implementing new Executive Orders for the Second Wave of Covid

**Chairman's Report:** confined since foot surgery

**Vice-Chair's Report:** N/A

**Treasurer's Report:** Not submitted

**PICPC (Public Information and Cooperation with the Professional Community) Committee**

**Report:** Trini did a mailing to libraries and hospitals. Libraries wanted information through the mail; Trini sent one library a BB and a pamphlet. One library asked for newcomer's pamphlet; library is looking it over. Trini will put intergroup sticker on the pamphlets; forwarded (to whom?) three intergroup websites. She's putting together another mailing for release around December. Trini will start calling doctors' offices, to find out if they want pamphlets. Kathi K. asked – Is this endeavor to make sure everyone has literature? Trini responded she's mostly getting information out to the public. Trini will make announcements at meetings about needing Intergroup reps, and an Institutions Committee chair (since George has been unable to get in touch with Steve S.).

**Institutions Committee:** Kathi K. wants Mid-shore Intergroup to take an inventory of all treatment facilities, hospitals, jails, etc. in our areas to let them know about the HIPAA Compliant Baltimore Zoom meeting for institutions set up for Tuesday evenings at 7pm. Participants are not shown on camera. George says he saw information about 90-day rehab opening here in the near future. Until a new Institutions Committee chair is found, Trini will help support George with the Institutions Committee issues.
